ProgressBook

Stay updated on what is happening in your child's classroom at school with ProgressBook. You may find it by going to the Belpre City Schools Website at www.belpre.k12.oh.us. This is a good way to track student work and calculate grades. For user name and password contact the building secretary.

Remember, Together We Soar!

PUBLIC NOTICE

The Belpre city School District hereby announces our willingness to move programs and activities to an accessible location or to otherwise take steps to ensure that individuals with mobility impairments have equal access to our programs and activities. Please contact Belpre City Schools 740-423-9511 between the hours of 7:30 a.m. and 4:00 p.m. to request access to District programs and activities or to ask any questions related to access by people with mobility impairments.

The Asbestos Hazard Emergency Response Act (A.H.E.R.A.), requires that all district citizens be notified of the availability for review of the Belpre City Schools A.H.E.R.A. Management Plan. The plan may be reviewed during regular business hours at the following location: Belpre City Schools Administration/Early Learning Center, 2014 Rockland Ave., Belpre, OH 45714, (740) 423-9511

A message from Superintendent Tony Dunn

It is with great anticipation that I welcome you and your family to the 2011-2012 school year. I am honored to be the Superintendent of the Belpre City Schools and a member of such a fine community, and am working hard to ensure that our every student receives a world-class educational experience. It is our goal that every Belpre graduate be college and career ready and be able to compete for any job they desire. As the new Superintendent, I am dedicated to that end, and will do everything in my power to make that happen.

Throughout the school year, we will be working to improve our instructional skills to offer the best possible classroom experiences for our students. Our involvement in the Ohio Appalachian Collaborative, a network of schools throughout Appalachian Ohio, will enhance our interactions with other educators and help us better prepare our 21st century learners to compete in a global job market. Our involvement in the Race to the Top initiative has widened that network of support and brought much-needed funding to our district. This and other grant opportunities will help us be fiscally responsible while increasing our knowledge base and instructional skills.

We are dedicated to creating a safe and focused school environment for all of our students. We will work closely with the Belpre Police and Belpre City Council to ensure that our campuses are safe, orderly, well-maintained, and drug-free. We believe that a strong school system is the backbone of a strong community, and we will strive to create an excellent place for students to learn and the community to gather. Our students and our community deserve nothing but the best.

Our school system is dedicated to providing a strong educational program that engages students and welcomes community members. We will need your help, and we appreciate your thoughts and suggestions. We will work hard this year to improve our communication with our families and other community members with the hope that we can form a collaborative relationship that enhances the opportunities for our students. We expect that this school year will be the best ever for our students and their families!
